December Holiday Potluck Meeting

By

Ron Dack

Annual Holiday Party and Potluck Dinner will be held on
Wednesday, December 18, 2013, from 5:30PM to 8:30PM.

Dick and Sandy Peterson have again graciously offered their Christmas House for the party.

There will be a warm fire in the fireplace and decorations galore. This is a fun event and a time to come and enjoy the company of fellow computer enthusiasts.

There is always a large assortment of food and drink. Of course if you want alcohol you should bring some to share. **Dianne Prior** is coordinating this event and you should contact her if you plan to attend and/or bring guests. You should also let her know what potluck food you will be bringing. You can reach Dianne at: Prior_di@hotmail.com or 252-1506. NVPCUG will provide cups, glasses, (continued Page 2)

December Meeting

The December meeting will of course be our annual Holiday Potluck Party.

All dues paying members are invited as well as their guests. Please try to keep guests to a reasonable number.

Remember you have to bring a potluck dish to share as well as your own alcohol.

If you have standard card table folding chairs we could use a few extra.

Be sure and notify **Dianne Prior** what you are bringing for the potluck and how many guests you may be bringing. See December Holiday Potluck Meeting in the left column of this page for more info.

I hope to see all of you there.

Take care, Merry Christmas, Ron

(continued from page 1)

plates, utensils, soft drinks, and some KFC chicken.

There will be a short meeting during which the officers for 2014 will be introduced and some outstanding member(s) may be acknowledged.

Members e-mail lists!

By
Ron Dack

If you are a dues paying member of the group you should be on the “**Members list**” our **Computer News** is distributed using this list.

Valuable offers for both PC and Mac users are posted on this list. as a dues paying member you are entitled to receive these communications.

If you would like to be added to this list please let me know so I can invite you to join.

You can contact me at:

webmaster@nvpcug.org let me know your name and the e-mail address you want to use for this purpose and I will send you an invite and by clicking on the button that says “Join This Group” you will be signed up.

We also have a NVPCUG-News e-mail list.

This is a group designed to send out schedule and meeting announcements. Reminders of upcoming events are sent on this list to remind you of dates and times of meetings and other functions.

You can join this group the same way you can join the Membership group.

There is also a **Users to Users** list.

This group is used by members and nonmembers who wish to share computer information or solve computer problems.

Many of the members of this group are computer technicians. They and others are willing to share information to help other group members use, repair, or solve computer problems.

Once again you can join this group by contacting me .

No SPAM is allowed on any of these lists!

NVPCUG
November Meeting
Napa Valley Adult Education

1600 Lincoln Ave.

Napa, CA 94558

Phone: (707) 253-3594

Presented by **Laura Cinquini** and **Maureen Eckert**.

They talked about class offerings, activities, and volunteers at **Napa Valley Adult Education**.

They presented a Power Point demonstration about all the programs at **Napa Valley Adult Education**. There were far more than this writer realized.

They are also looking for a few good people to assist students in different classes at the school.

There are many current **Microsoft Office** classes including several levels of **Word**, **Excel**, and **Outlook**.

They also provide worksite training for business in the Napa Valley.

They assist people in learning English and becoming citizens.

We have some common goals with **Napa Valley Adult Education**. We both want to educate and help others to use personal computers for their advantage.

I personally found this information enlightening and interesting. Perhaps at some future date they can have someone do a sample **Microsoft Office** class.

Merry Christmas, Happy Hanukkah

Ron
