From the President

Well here we are in January I certainly hope this year will be better than last year, but I say that every year.

The Annual Holiday Party was a great success and as usual Sandy had the decorations up and they were in the spirit of the season. Dick had the fire going in the fireplace so it was warm, dry, and cozy. There were scads of different dishes to try from appetizers to desert. There was so much food I went through twice and still didn't get to sample everything.

Everyone seemed to be having fun with games and just visiting with old friends and new. So I want to thank **Dianne Prior** for all the effort to make this a hit. Oh, lets not forget her husband Jim for helping. Of course I don't want to forget **Dick** and **Sandy Peterson** for everything they did an for allowing us to use their Christmas House.

This year I am going to try to get more software oriented presenters. I don't know how successful I will be but I will try. By the way do we have any people that are comfortable using a particular software? Some possibilities could be browsers, **Quicken**, utilities, **Microsoft Excel**, **Word**, or any other brands or software. Have a great 2015 and be healthy. Ron President@nvpcug.org
