October 16, 2013 7:00 PM - 9:00 PM
Napa Senior Center / 1500 Jefferson St., Napa

August Meeting Review

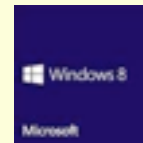

For our August 2013 meeting we, who attended, were delighted with a sensational class in digital cameras, their use, using optional camera settings, framing, backgrounds, lighting, effects, and numerous examples of each. The presenter was **Ron Rogers of Ron Rogers Photography**. Ron who retired as head of **Napa Valley College**

Photography Department is a skilled instructor, knows his subject, and knows how to present it to any audience. I for one was amazed with what you can do with most digital point and shoot cameras. I was always one of those that left my camera on "Auto" and let the camera decide how to compose the photo. After this class I have decided to experiment with some of the things Ron taught us. I am sure that Ron has additional information to share and will do so at a future meeting. I want to personally thank Ron for sharing his knowledge with us. See you all in September. Take care, Ron

September Meeting

Windows 8

Joe Mays
Assistant Manager
Staples

The September 18, 2013 General Meeting will feature **Joe Mays** who will discuss and demonstrate **Windows 8**. Joe will do some comparison of Win 8 with Win XP and others.

Some of you diehards who are still holding on to XP might find it is time to move on and to buy a new computer.

Joe's presentation will begin at 7PM so don't be late. If we have time after we will have our Q&A session and for members there is always the drawing. Remember there is still time to nominate board members and to volunteer yourself.
